Laser is a five-level course, designed to cater to younger exam students, and now covering the entire span of secondary education. It is the perfect preparation for students still at school and working towards school-leaving exams and the Cambridge ESOL, KET, PET and FCE exams. The topic-based units cover the lexical and grammatical syllabus of the Elementary to Upper Intermediate levels of the Council of Europe's Common European Framework. The course integrates development of all the language skills: reading, writing, listening and speaking, and regular revisions sections check continuous progress. Every Student's Book is packaged with a code to access Laser Practice Online, providing students with even more material for language practice.
